SYMPTOMS OF CATARRH.—Dull, heavy headache, constriction of the nasal passages, discharge of thin mucus from the nostrils, sometimes profuse, watery, and locust-like, thick, tenacious, mucous, purulent, black and putrid, the eyes are weak and watery; there is a tingling in the nose, nostrils, lacrimation or tearing of the eyes, and a strong smell of offensive matter together with mucus from the nose; the voice is changed and has a "hoarse twang"; the breath is offensive; smelting and taste are impaired; there is a general languor, with mental depression, a hacking cough and general debility. Only a few of the above-mentioned symptoms are likely to be present in any one case, but they are very annoying, without mentioning half of the above symptoms, resulting in consumption and end in the death of the patient. Catarrh is so common, more dangerous, and dangerous, or less understood by physicians.

By its mild, soothing and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "Cough in the Head," Coryza, and "Catarrhal Headache."

"Untold Agony from Catarrh."

Prof. W. H. ASHWELL, the famous surgeon, of Utica, N. Y., writes: "Some ten years ago I suffered untold agony from chronic catarrh of the nose, and the physician gave me no relief until I saw Dr. Sage, of Buffalo, N. Y., who prescribed a balsom, and that every day, towards sunset, my voice would become so hoarse I could hardly speak above a whisper." "In the morning I was as well as ever." "I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

A complete Treatise on Catarrh, giving valuable hints as to clothing, diet, and other matters of importance, will be mailed, post-paid to any address, on receipt of a two-cent postage stamp.
